

FUNDING POLICY & PROCEDURES

In order to be eligible for club funding, each applicant must have:

- paid their club fees and indoor/outdoor training fee, if applicable, within 4 weeks of becoming due
- when entering competitions have competed for the club, during the 12 months prior to selection
- been selected by ANI, AAI or UKA to represent Ulster, NI, Ireland or GB

The club will provide funding to athletes that satisfy all three of the above criteria, however, where there are exceptional or extenuating circumstances, the club reserves the right to provide funding to athletes that do not meet all of these criteria, provided the majority of the club committee agrees to do so.

Each application will be considered on its own merits.

Athletes must apply, in writing, to the club secretary by providing:

- a copy of their selection letter together with confirmation of the athlete's contribution
- evidence of representing NDAC in competition
- confirmation of any other source of funding being sought or already granted

In all instances, the amount of funding will be decided by the chairperson in conjunction with the treasurer or secretary and reported to committee at next meeting.

All funding will be issued after competition.
